

Feel the Music

Each line is lyrics from a song with words missing. The missing words all begin with a note of solfège. If the notes are put on a musical staff with the notes from the first song of each pair together, followed by the notes of the second song together, they can be interpreted as braille. This is hinted at by references to blindness or touch among the artists, band names, song titles, album titles, or lyrics.

First song of pair (first column of braille)	Second song of pair (second column of braille)	
Time after [TIME] you refuse to even listen / I wouldn't [MIND] if I knew what I was missing	The first [TIME] ever I saw your face / I thought the sun rose in your eyes
