Mystery Case No. 9 OMIC BONDED

Dear Inspector,

Yours sincerely,

Re: Niantic Labs, Inc. San Francisco, CA, USA October 20, 2015

Our company's been the victim of a super effective cyber attack. We've called the DA seaking investigative help, but he's always been a slow poke. Monday, a team of rocket scientists hacked into our labs and stole many of our assets. Please take up this case, you're our only hope!
